

HEALTH, SAFETY AND ENVIRONMENT POLICY

I am committed to protecting our people, the environment and our assets from accidents and harm.

I believe that zero accidents and harm can be achieved by:

- Identifying risks associated with our activities
- Implementing mitigating actions to reduce the risk to as low as reasonably practicable
- Seeking Clean-Design and Green Operation solutions
- Assuring that our employees are provided with the necessary resources, equipment and training and that they understand their personal responsibility for conducting operations in a safe, environmental friendly and efficient manner
- Learning from own and others' experience and by being in compliance to regulatory requirements and guidelines.

I expect everyone involved in Ocean Installer's activities to comply with the above requirements.

Kevin Murphy
